

THE HAMLIN HERALD

IN 31ST YEAR—EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, SEPTEMBER 4, 1936.

NUMBER 45.

Laymen's Services At Methodist Church

During my absence from the pulpit the past few Sundays the congregation has had the privilege of hearing sermons from a number of different persons. I trust that the messages have been both beneficial and entertaining. The services for this Sunday are under the auspices of the Laymen, in the morning, and the Woman's Missionary Society, at the evening service.

Prof. Foxger, Dean of McMurry College, will speak for the Laymen at eleven o'clock. He is said to be a most interesting speaker and is being used in a number of our pulpits this summer in the absence of the pastor. You will be interested in his message as well as the special numbers.

At 8:15 P. M. the Missionary Society ladies will take charge of the service and give a program that is second to none. If there is any department of our church that is better informed, as to the work of our church, than is the Missionary Society, they should be permitted to speak with authority as a "Supreme Court." If you want to know somewhat of the work of the Church throughout the world this service should interest you.

The meeting is being well attended here at Baird and the interest increases at each service. The indications are favorable for a real revival; we shall pray to that end. I will be back on the work early next week and am looking to the fall work with deep concern and much interest.

H. A. LONGINO, Pastor.

Dr. W. E. Allen and wife and three daughters, Misses Gregg, Edna Earl and Pauline, of Sweetwater, Alabama, and C. N. Allen of Ward, Alabama, came over Sunday to spend a few days as guests of Mr. and Mrs. M. P. May and other Alabama friends now living in Hamlin.

Miss Maxine Mayo has returned to her home in Las Vegas, N. Mex., after spending the summer with her uncle, W. S. Graham and family.

PARENT-TEACHER ACTIVITY BEGUN

The Executive Committee of the Parent-Teachers Association met with Mrs. Mac Brundage, president, Tuesday afternoon, to discuss plans of activity for the coming year. Each Committee Chairman expressed ideas and plans which promises a most interesting and helpful year. Mrs. Longino, Parent Education Chairman, has outlined a study course, which will be new to our association and the meetings will be held at night when all parents will have opportunity to meet and discuss and study parents problems.

The first meeting of the year will be at night, Thursday, October 1st in the High School Auditorium. Mrs. Fred Moore, program chairman will have an interesting program and Mrs. Ira Clements, hospitality chairman, will furnish plenty of entertainment. The most important project of the year is the District Conference which will be entertained in Hamlin next spring.

The Parent-Teachers Association welcomes all the new teachers to our city and extends greetings to the entire faculty, pledging its co-operation in making this a most happy and successful year.—CHAIRMAN.

Mr. and Mrs. W. S. Pike Jr. are entertaining a son, William Sibley Pike III, who arrived at the Hamlin Hospital, Thursday, August 27. The young man accompanied his mother to their home on Jackson Avenue, Thursday of this week, where he is receiving his friends.

Mr. and Mrs. John C. Turner and son, J. C., are spending the week in Dallas and Fort Worth seeing the Centennial and Frontier shows.

Mrs. A. Abshear, sister of Mrs. E. F. Fairley, of Nacogdoches, and Miss Ruth Ennis, a class mate of Miss Bernice Fairley, were here this week to visit in the Fairley home.

PLENTY OF WATER IF IT WOULD RAIN

What a mean heading for a little editorial on "water." Plenty of rains, big rains, mean plenty of water. No rains, no water. Not much rain and not much water.

Any city that depends on ordinary surface-catch of water to supply it is doomed to disappointment. Perhaps a year or more Hamlin has had plenty of water and even now, she lacks a great deal of being without water. Not even any talk of "curtailing" the use—BUT if it should well, shall we say rain then we would have plenty, and there is the other "but," which means if it does not rain, then what.

This week the water wagon started again. Not that there is no water but that the water "smells and tastes," causing some to think it is best to buy water. Hamlin water is about as safe as water that can be bought.

Some one will wonder why the Herald is not boosting "Dry Callie Creek" as the long dry hot days continue, and the Lakes dwindle down. To that "wonderment" we will say that the most reliable report we can get is that Dry Callie has not run but once this 1936, and really we do not believe it has run but once and slightly then. Which means that this year is one of unusual dryness. Yet, in the spring days rain after rain came and produced the best stands of cotton and feed this country ever had. But the extreme heat has kept up and the water situation is again taking front place in conversation.

WPA may still be in sight, or some combination of letters, that would help solve the water question. That is a problem that all of us will approach carefully, in the face of previous mistakes. Would the cost be prohibitive to pipe water from the Snyder country? If the supply is inexhaustible and the quality excellent a "try" might be sensible to attempt. If impossible, then resort again to the uncertain surface source—and there is no place outside of Dry Callie. And don't get sore on a stream that refuses to run in the absence of rain.

GOOD SOFT WATER

FOR YOU SATURDAY

I am again to handle that good, soft Rule Water. The station is just south of the Bank building. You come get it—5 gallons for 10c at the tank.

H. L. NORRIS.

Mrs. Myrl Preston attended a beauty style show in San Angelo last week.

FURNISHED HOUSE

Have a nicely furnished, modern residence, close in, for rent. If interested, see or address

MISS LULAN VAUGHAN.

Mrs. Ed V. Cathey of Fort Worth, is a guest of her cousin, R. H. McCurdy and family this week.

CITY OFFICES MOVED TO NEW QUARTERS

For about twenty years now, the City bookkeeping office has been in the rock building, known as the City Hall. This building also accommodated the Fire fighting equipment, and the City Jail.

Recently the main auditorium of the Hall has been used as a "Relief Sewing Room," and for other relief headquarters. This was crowding the space too much and it became advisable to find some other place suitable for the City Offices.

Last Monday morning the fixtures and all books and everything used in the City Secretary's bookkeeping was moved over to the Walker building on Central Avenue. This building was recently used as the City Market. It was formerly used as a banking house, later as a real estate office, insurance, grocery and maybe other things—it has a good vault and is well lighted. For some time it will likely be the center of Hamlin City Government.

The City Hall proper will continue to hold the fire fighting equipment, the jail and the upper story the relief sewing rooms and equipment.

The point of contact for the Mayor, the City Marshal and Secretary will be the same phone as before—the new location is a little more convenient, and no climbing of stairs, no climbing of stairs.

SERVICE STATION ENTERED

THROUGH BROKEN WINDOW

Saturday night some one entered the R. E. Dobbins (Sinclair Station) on Central Avenue, by breaking a large window pane and opening the window. Dobbins says the only thing he missed was a pistol and his watch. The gun was in a drawer and the watch, out of repair, was near the empty cash register. It sounds like an intruder who knew all about the station or enough to know what he wanted.

Hamlin has so far been very fortunate in such cases—possibly the fact that the main business section is along one straight street.

ROTAN DAYS COMING

TO HAMLIN TO LIVE

About 22 years ago, a man and his family by the name of John T. Day, moved over from Rotan to make Hamlin their home. This Day family has been here all these years since.

This week the Herald finds another family from Rotan coming to Hamlin. It is E. R. Day, a brother of John T. Day. They are moving to this city like John T. did, 22 years ago, and here's saying they will like old "Friendly" Hamlin.

E. R. Day is joined by his son, June Day, and they will engage in the Loan business. Their offices will be announced later. Welcome to Hamlin.

MRS. V. L. DOPSON

Announces the opening of her Art Studio in the High School Building, Monday, September 7. (p)

If you need some money badly, and you want your car to stand good for it—see us for a loan—easy terms—reasonable rate.

JONES COUNTY MOTOR CO.
Manning Bldg., Hamlin.

Mrs. W. A. Trawick, Jr., is at home after spending a very enjoyable summer traveling. While away she visited relatives in San Diego, California. Later she attended the Centennials in Ft. Worth and Dallas.

Mr. and Mrs. B. Hassen and children went to Dallas and Fort Worth to see the great shows. They were greatly delighted.

FISHER CO. BOYS WIN SANTA FE TRIP

Fisher County has had two 4 H Club boys to win Santa Fe-Chicago trip as the result of their livestock projects in recent years, according to County Agent, T. H. Roensch.

Albert Nieves of Roby, won the trip in 1928, as the result of his feeding in the Ton-Litter Contest.

Marvin Maberry of McCaulley, was a trip winner in 1932 as the result of his calf feeding project. This calf "Texas Special" was declared to be the Grand Champion at the International Show.

Both of these young men are still following farming and livestock professions in Fisher County.

Fisher County 4-H Club boys who will be eligible to compete for the Santa Fe-Chicago trip this year are:

Harold Nieves on feeding pigs and calves;
Vivian Bryan in calf feeding;
J. C. Tomlin in calf feeding;
Thomas and M. S. Taylor in calf feeding;
Jimmy Brown in pig feeding;
Willis McCain in pig feeding.

These boys will be required to have their complete expense accounts and stories of their work in the County Agent's Office by October 1, and then these will be forwarded to College Station to be scored to determine the winners.

THE CONOCO AGENT, ELMER

FEAGAN IMPROVES PROPERTY

In this weeks Herald you will note the announcement of Carl Young, operator of the Conoco Service Station, just south of the Farmers & Merchants National Bank.

Recently E. C. Feagan, Agent for the Conoco Products at this place, started a series of modernizations of his property. The newest station improvement is that of his headquarters, occupied by Mr. Young. He has done a lot of improving and this Friday and Saturday Mr. Young invites everybody to visit his place and see his new equipment. This is a repetition of the good improvements at the R. W. Smith Station which was recently completed.

Mr. Feagan has re-built his drive-in ways, re-conditioned the station rooms and installed new equipment. Besides this he has built for himself a roomy, comfortable office, facing on Central Ave. Feagan has learned that neat clean, well equipped stations attract customers.

PIANO FOR SALE

Have a Gulbransen Piano, in perfect shape, for sale. See it at my home. Phone 159J.

MRS. CLYDE WILSON.

COTTON COMING IN FAST, EARLY DATE

September THIRD is early in the cotton season and perhaps not in a long time has this community at this date, had so many bales ginned as at present.

Checking up on the four Hamlin gins—namely, The Hamlin Farmers Co-Operative Gin, The Fed H. Britton Gin, The Planters Gin and The Pioneers Gin, we find that

TO DATE, SEPT. 3, HAMLIN

GINNS HAVE GINNED 456 BALES

This is a pretty good showing for the time being.

Hamlin community is not getting a bumper crop by any means, and maybe no West Texas community is doing that. But Hamlin is faring better than many places. This year we have made a good wheat crop on the small acreage harvested and now with a cotton yield of from a quarter bale down to nothing, the sum total will mean not so bad. Yet some farmers are almost left out in the cold. Not all had wheat, not all had feed, and not all have made cotton, but maybe most all have made something.

This part of Texas missed a bumper cotton crop by only one good rain. If we did not have so many "ifs" no place in the USA could excel West Texas. Just one good rain would have made us boom. Maybe "booming" would have been bad for us but all would like to see it tried.

An agricultural country is at the mercy of the climate. If the climate is uncertain then the inhabitants must make progress carefully.

Make a guess at the Jones County cotton crop. Last year it was above 60,000 bales. What of the 1936 turn out?

Ross Walker of Hamlin, has been appointed to a National Youth Administration job at John Tarleton College for the approaching school year, as announced by Prof. T. A. Hensarling, chairman of the NYA committee at John Tarleton. He will enter Tarleton for the regular long session which opens September 14. — From John Tarleton News Service.

Miss Vera Jane Scott of Sulphur Springs, is with the Jane Beauty Shop as Hair Stylist. She began work there September 1st. Miss Scott formerly lived in the Flat Top community before going to Sulphur Springs.

Goaly Beavers, of Portland, Texas, came up Saturday to join his wife and children here on a visit for a few days and to accompany them home.

MR. DEAN THANKS

VOTERS AND FRIENDS

I am deeply grateful to my friends for electing me your State Representative and trust that I may prove worthy of your confidence. I shall endeavor to represent each of you to the best of my ability and you may be assured of my desire to co-operate with you in every way possible.

Sincerely,

TRAVIS B. DEAN.

CITY BUDGET HEARING

DATES ANNOUNCED

The City Council of the City of Hamlin, Texas, will hold an open meeting at the City Hall, Tuesday September 15th at 8:00 P. M., for the purpose of a public hearing on the "BUDGET" of the City of Hamlin for the year ending April 15th 1937, a copy of said budget is now on file in the office of the City Secretary at the City Hall.

J. B. EAKIN,

City Secretary.

(44-3t)

—The Herald 1 Year for \$1.00.

FRED L. THOMAS THANKS

ALL VOTERS

The Herald has a letter from Fred L. Thomas, recent candidate for the legislature, dated at 807 West 22nd St., Austin, Texas. He says: "Immediately after the election I received a wire from Austin informing me to get here at once. It was obvious that I had to get down to work as soon as I could get a job. It was bad that I could not get to see you and many other of my friends after the election. I want to thank the people for their vote and every consideration in my behalf during the campaign."

FRED L. THOMAS

RELIABLE MAN WANTED to call on farmers in Fisher County. No experience or capital needed. Write today. McNESS CO., Dept. S, Freeport, Illinois. (*p)

Miss Laura Jean Crabb, of Sweetwater, was a guest this week of Miss Joan and Dora Joyce Culbertson.

FARMERS TO MEET IN

BROWNWOOD TWO DAYS

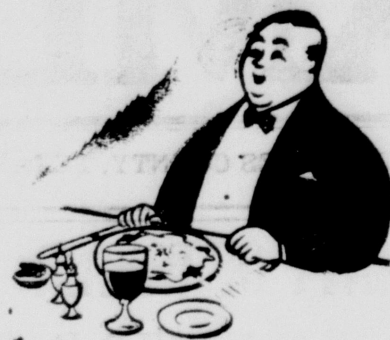

Farmers of Jones County are urged to attend and participate in the district-wide Farmer's Meeting to be held at Brownwood on September 9 and 10. This meeting is one of 12 to be held in Texas during the latter part of August and through September, under the auspices of the Texas Agricultural Association and through the co-operation of the A. & M. College Extension Service.

Purpose of the meetings is to further acquaint farmers and their wives with the national agricultural program, to discuss the importance of stronger farm organization, to study methods of community organization and legislation affecting agriculture and to sell more thoroughly, business and professional men on the value of an adequate agricultural program to business as well as to farmers.

Although the meeting at Brownwood will extend over a period of two days, the first day will be devoted exclusively to farmers, while the second day will be confined to meeting of speakers with civic and business bodies of Brownwood and surrounding towns.

Heading the list of prominent speakers to appear on both programs is Dr. R. H. Montgomery, nationally known agricultural economist and educator, on leave from Washington to participate in the program.—From Co. Agent MAXWELL.

Mr. and Mrs. Robert Gill of near San Marcos, are here to visit their daughter, Mrs. F. D. Wells and family.

Consider . . .
CORN

If you are a serious eater, if you have convictions about green-turtle soup being followed by grouse, if you concern yourself with what foods should go in company with fowl—consider corn.

Not only in cold weather when corn fritters link up so deliciously with crisply browned little sausages, and when corn soup is the perfect prelude for a baked ham dinner—consider corn for lighter summer meals also.

Consider corn soup with fresh spring lettuce, shredded and sautéed. Consider corn and pea rarebits that look so tempting garnished with cheese sauce, and taste most delicious. Here are directions for making them:

Tested Recipes

Corn and Pea Rarebit on Toast: Make a cheese sauce of two tablespoons butter, two tablespoons flour, one and one-half cups milk and one cup grated cheese. Drain one cup of canned whole kernel corn and one 11-ounce can of peas. Sauté a few minutes in two tablespoons butter and then add to the cheese sauce. Season to taste and serve on toast. This serves six persons.

Corn and Lettuce Soup: Sauté one cup shredded lettuce in two tablespoons butter until it starts to brown. Add one cup of canned cream-style corn and cook gently for five minutes more. Add three cups scalded milk to one cup hot mashed potatoes. Add this to the corn and season to taste with salt and pepper. Thicken with a little flour mixed with water, if it is desired thicker.

NOW HERE IS YOUR

CHANCE FOR A FARM

FOR SALE: 160 acre farm, 10 miles west of Hamlin. \$10.00 per acre. A. S. BROWN, Rte. 4, Mart, Texas. (43-3p)

Mr. and Mrs. Ed Cook and children, Jeanette and Thurman, of Winfield, Kansas, Mrs. Earl Shea and daughters, Martha Ann and Betty Gene, of Wichita, Kansas, are guests in the home of Mr. and Mrs. F. D. Wells. Mrs. Cook and Mrs. Shea are sisters of Mrs. Wells.

A LUSCIOUS, creamy chocolate frosting which you can stow away in a glass jar and take to your picnic—that's Chocolate Wonder Frosting. Here's a frosting that will keep several days in the refrigerator, all ready for some domestic emergency.

Chocolate Wonder Frosting
3 ounces (1 package) cream cheese; 2 to 3 tablespoons milk; 2 cups sifted confectioners' sugar; 2 squares unsweetened chocolate, melted; dash of salt.
Soften cream cheese with milk. Add sugar, 1 cup at a time, blending after each addition. Add chocolate and salt and beat until smooth. Makes enough frosting to cover tops of two 8-inch layers, or top and sides of 8 x 8 x 2-inch cake, or about 2 dozen cup cakes. Double recipe to cover tops and sides of two 9-inch layers.

SAFETY AT LOW COST
FOR YOUR HOLIDAY TRIP

FEW car owners realize how easily an otherwise perfect Labor Day trip can be spoiled by tire trouble. Now Firestone makes it possible for you to equip your car with four new tires that will give you blowout protection, non-skid safety and long mileage — at prices remarkably low.

Ever since the introduction of the new Firestone Standard Tire the Firestone factories have been running day and night to take care of the demand. Car owners were quick to recognize the outstanding safety and economy of this remarkable new tire. The extra values in the

new Firestone Standard Tire are made possible because Firestone saves you money five ways — buying better raw materials at the source, controlling every step in processing the material, more efficient tire manufacturing, volume production and more economical distribution.

Come in today and see this amazing new tire. You too will agree that never before have you seen so much tire for the money. Don't take chances on unsafe tires on your holiday trip — let us equip your car with a new set of Firestone Standard Tires — first choice of thrifty car owners.

TRUCK AND BUS MEN TO MEET

AUSTIN, Sept. 1.—Several hundred truck and bus operators from all parts of West Texas will gather in Odessa, September 10, to honor Henry English of Lufkin, newly elected president of Texas Motor Transportation Association.

The Association's county chapters in Midland, Ector, Ward, Howard, Loving, and Winkler Counties are sponsoring this district assembly, and they have invited every truck and bus operator in West Texas to take part in the celebration.

Outstanding speakers scheduled to appear on the program are Tilden Childs, district director of the Bureau of Motor Carriers, Interstate Commerce Commission; Mark Mar-

shall, director of the Motor Transportation Division of the Texas Railroad Commission; President English, and B. F. Johnson, manager of Texas Motor Transportation Association.

These speakers, all leaders of the motor transportation industry in the Southwest, will discuss the various problems which affect the industry at the present time. Childs will explain the work which the Interstate Commerce Commission will do in the regulation of the industry, and Marshall will discuss state problems with the operators.

A big barbecue and other entertainment is planned for the occasion, and sponsors of the meeting are making plans to entertain several hundred operators from all West Texas Counties.

English, who has been engaged in the motor transportation business since 1919, was elected president of the Association at its second annual convention in Fort Worth August 15.

GETTING DOWN TO CASES

When screen beauties travel by air, they must keep their weight down, especially in hand baggage. This problem is solved in Wheary luggage, travelling cases designed along airplane lines—smart, sturdy yet extremely light.

AFTER CRAMMING ALL EVENING, THEY'RE HUNGRY! These modern college girls find the new streamlined Toastmaster, styled by Joseph Sinel, and its handy Hospitality Tray and stand, just the thing for a snack before bedtime.

THE WORLD'S MOST FAMOUS COW, "Carnation Ormsby Butter King" will be shown at the Texas Centennial in Dallas in October. She holds the world's all-time production record for both milk and butter. Carnation Milk Farms, Seattle, Washington is her home address.

EXPECTED TO REGAIN TITLE—Fred Perry, English tennis champ, who will shortly compete in the National Singles at Forest Hills.

Have a Gulbransen Piano, in perfect shape, for sale. See it at my home. Phone 159J.

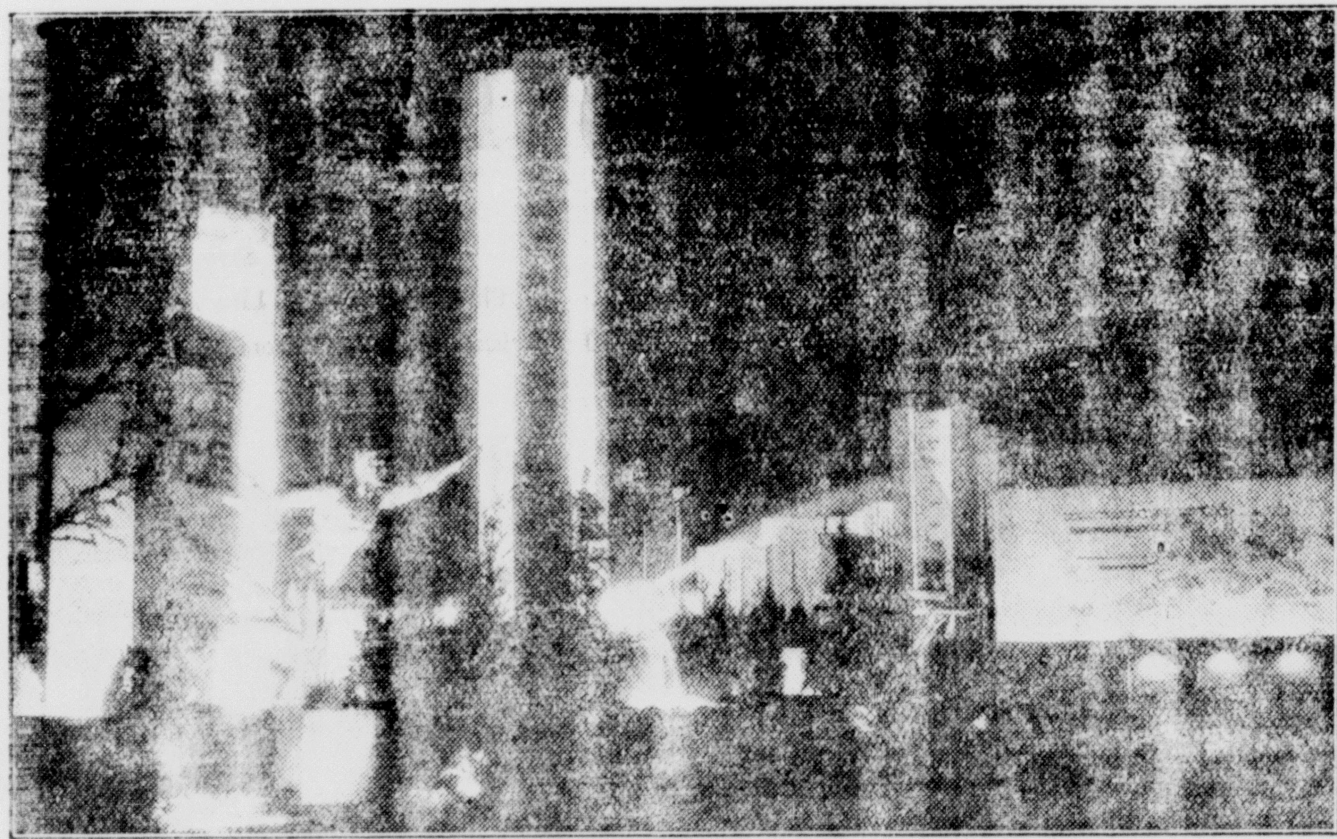

MRS. CLYDE WILSON.

STARS OF CENTENNIAL'S LABOR DAY GAME

The Southwest's brightest stars will shine at the Texas Centennial Exposition the night of September 7 as the Chicago Bears of the National Professional Football League meet the Centennial All Americans. Shown here are some of the Southwest's gridiron luminaries. Top left: Jim Lee Howell, University of Arkansas, end; center: sensational Southern Methodist University halfback; upper right: Ike Poole, University of Texas, end; lower left: Louisiana State's brilliant Abe Mickal, a triple threat halfback, and lower right: (Iron Man) Wetzel, Southern Methodist University, guard.

Lights Flame in Radiant Beauty at Texas Exposition

The lower wing of the Hall of Varied Industries, with its murals, statuary and lighting pylons of the Court of Honor, make an entrancing night picture at the Texas Centennial Exposition in Dallas.

MRS. V. L. DOPSON

Announces the opening of her Art Studio in the High School Building, Monday, September 7.

Some people make the worst of the best. A rich dead man is as poor as the rest of us.

The Fort Worth and Dallas shows are great. Let us furnish you the money. Use your car for security and repay in small monthly payments. JONES COUNTY MOTOR CO. Manning Bldg., Hamlin, Texas.

Lion and Lamb Share Fair Cage

The lion and the lamb sleep together in peace in the Hollywood show of the Texas Centennial Exposition. The lion, it happens, is only three months old and that is the reason the lamb and little Doris Lou Bell are so carefree in its cage, just inside the Midway gate.

Talking Fish at Expo

DALLAS, Tex.—Now it's the talking catfish.

Two of this type of catfish were received recently at the Texas Centennial Exposition Aquarium.

They won that cognomen because of the peculiar noises they make when they are taken from the water.

The fish were discovered in the Amazon river, and procured by the Aquarium from a New York importer.

GOOD SOFT WATER

FOR YOU SATURDAY

I am again to handle that good, soft Rule Water. The station is just south of the Bank building. You come get it—5 gallons for 10c at the tank.

H. L. NORRIS.

THIS WEEK IN TEXAS HISTORY

BY F. L. McDONALD

WEEK OF AUGUST 30

1835 — Stephen F. Austin returned from his long imprisonment in Mexico on August 31 and told the people that the time had come for war.

1836 — A general election was

held throughout the Texas Republic of Texas on the 5th of September which resulted in the election of Sam Houston as president, the adoption of the constitution, and the request for annexation to the United States.

1839 — On August 31 President Lamar authorized Col. John H. Moore to raise 200 mounted troops for a campaign against the Indians.

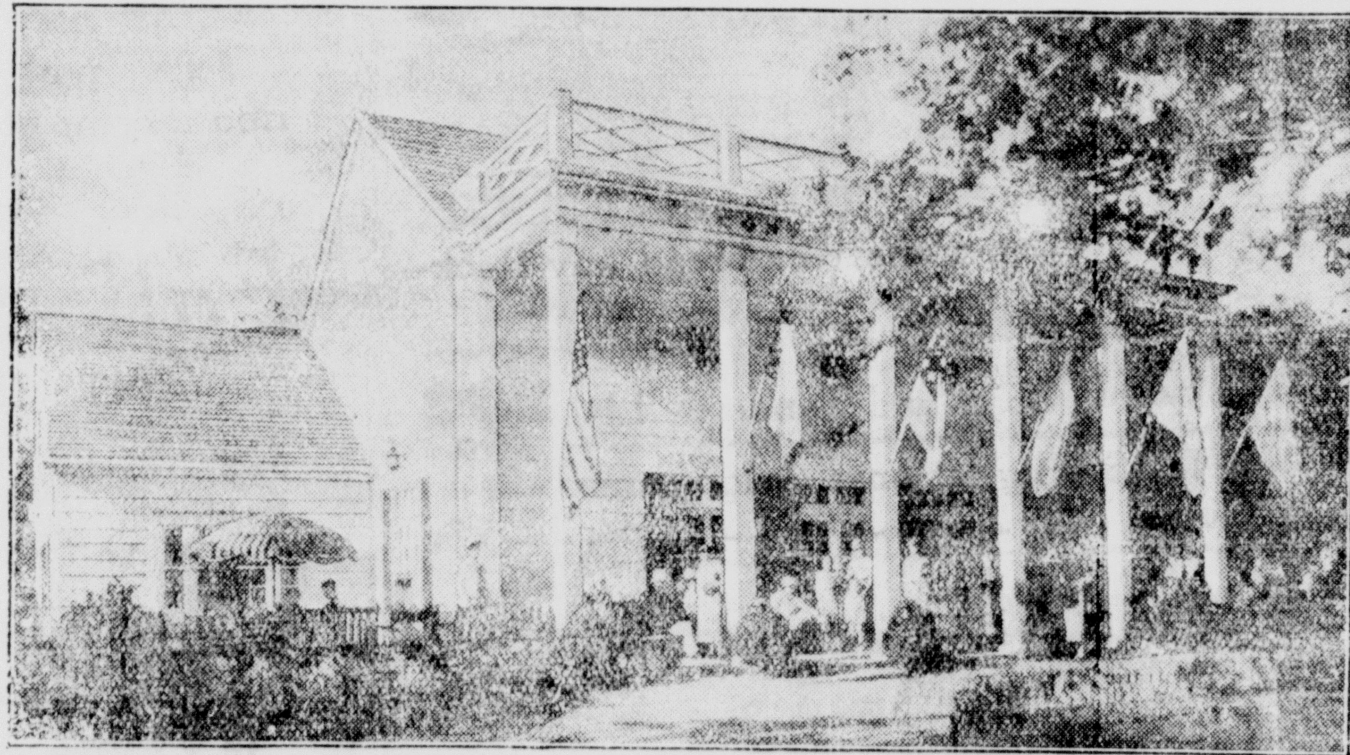

1841 — On August 30 President Lamar entered into a contract in pursuance of an act of Congress with W. S. Peters for the introduc-

tion of 600 families into Texas within three years. The effects of migration and improvement were visible over the country.

1844 — Anson Jones was elected President of the Texas Republic September 2. He succeeded General Sam Houston.—Texas State College for Women (CIA).

Mr. and Mrs. Joe Routh and son Joe Jr., of Sweetwater, were here Sunday to visit his brother, T. Routh and family.

"Take a Load Off Your Feet — Here" Conoco Tells Exposition Visitors

This authentic old Southern Colonial mansion built on the grounds of the Texas Centennial Exposition at Dallas by the Continental Oil Company is for the free use of Exposition visitors seeking a cool haven of rest and relaxation. Air-conditioned, and located just inside the Exposition gates, "Hospitality House" has played host to nearly all comers since the Exposition opened June 6.

DALLAS, Tex.—Among other things, the Texas Centennial Exposition is proving that to a visitor who has walked for hours under a hot sun, looking at exhibits, there is no sweeter music than the invitation: "Come in and take a load off your feet"—especially if the proffered chair is in a hushed, air-conditioned lounge where all the fireworks conspire to turn the clock back 160 years.

At least this is the claim of many here as, with the Exposition well along into its second month, Continental Oil Company's "Hospitality House" continues to be one of the chief meccas on the grounds. Offering no entertainment—offering nothing, in fact, but a cool place to

relax and have a draught of water—"Hospitality House" is daily attracting visitors by the thousands. All of them get in as often as they want and stay as long as they want for nothing. It is the oil company's treat.

Here, also, is the most popular meeting place on the grounds. For example, some folks from Maine plan to drive down to the Exposition and join there a party of friends from Florida. But where to meet? The big flag-bedecked mansion is a frequent choice.

"Hospitality House," conceived in the graceful architectural traditions of the Old South, is situated on a broad lawn, overhung with

trees, just inside the Exposition gates. It is painted a gleaming white, with green shutters and a green roof. Comfortable chairs and benches scattered on a tiled porch complete the outside picture, while the spacious, air-conditioned interior has walls paneled in knotty yellow pine and is furnished with restful antique colonial maple chairs and tables.

According to attendants at this popular oasis: "We get them on the way in and on the way out. People seem to want to see things which awe them and entertain them, but having seen these things they just want to sit and cool off, and sure seem to enjoy that most."

ANNOUNCING...

2 more REDUCTIONS in Long Distance Telephone Rates

Effective September 1, long distance telephone rates are reduced as follows:

1.

On calls to points over 234 miles distant, the charge for a 3-minute conversation is reduced by amounts ranging from 5¢ to \$1.50, depending upon the distance.

2.

Overtime charges on "person-to-person" calls are reduced after three minutes of overtime to the lower "station-to-station" overtime rate. (Overtime charges begin after three minutes of conversation.)

This is the seventh time in ten years that voluntary reductions in long distance rates have been made. It is estimated that the new reductions will save telephone users in Southwestern Bell territory \$1,100,000 a year.

SOUTHWESTERN BELL TELEPHONE COMPANY

Ranger Trophy

This Apache war dane loin cloth, displayed by Rangerette Mabel Rooks, will be part of the historical collection in the Texas Rangers' Headquarters at the Texas Centennial Exposition, \$25,000,000 World's Fair opening in Dallas June 6. The cloth was taken from an Apache war party by Rangers in 1860.

Bluebonnet Suit

Eleanor Akers, Texas Centennial Exposition Rangerette, dons her customary chaps and 10-gallon hat to wear this bathing suit made of bluebonnets, the official state flower. The Exposition, a \$25,000,000 World's Fair, opens in Dallas June 6.

This is Georgia Carroll, 17-year-old Dallas high school girl, who won second place in the contest to select the Texas Centennial Exposition's "Bluebonnet Girl." She will have an important part in the June 6 ceremonies, when President Roosevelt visits Dallas to open the big World's Fair.

HAMLIN — TEXAS

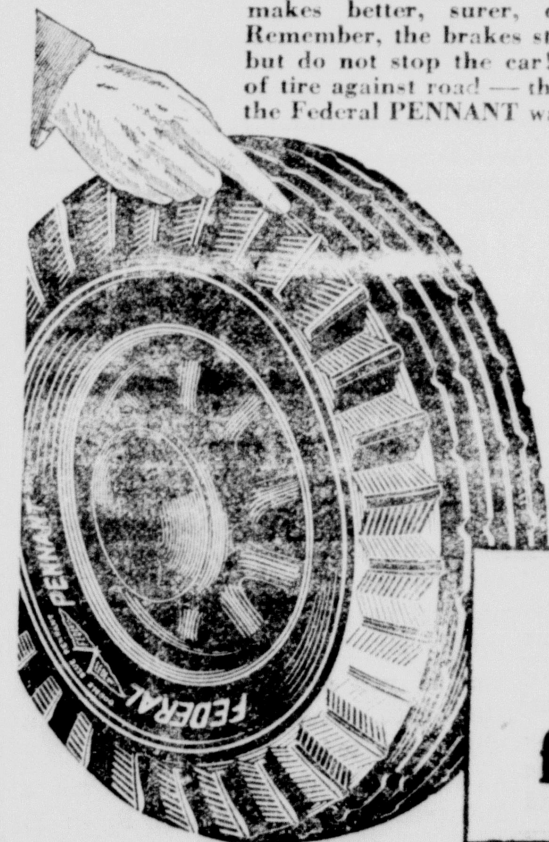

The Tread continues down to the sidewall.

Greatly increased road-contact area means less skidding, better braking, increased tire-life

Modern high-speed cars require tires designed to meet the demands which those cars make upon tires.

For instance, the greater speed of the modern car makes better, surer, quicker braking necessary. Remember, the brakes stop the wheel from revolving but do not stop the car! It's the tire — the contact of tire against road — that stops the car. That's why the Federal PENNANT was designed to give more and better road-contact.

The PENNANT has all the features that have made Federal Tires famous — Federal Equal Tension Cord construction, Cable Bead, processed tough stock. More miles, more comfortable riding, less cost per mile are built into every Federal. There is a Federal for every kind of pleasure car and commercial vehicle. And the prices are right!

TEXAS FLOWERS

AUSTIN, Texas, Sept. 1.—A recent display in the University of Texas library building featured original paintings of about 75 varieties of native Texas flowers, reproduced by Miss Eula Whitehouse, formerly instructed in bacteriology at the University of Texas, in her book, "Texas Flowers in Natural Colors." These water-color pictures depict the flowering plants of this State from the common niggerhead and black-eyed Susan to the exotic-appearing desert willow, a fragile purple blossom, or the flamboyant

"Turk's Cap," of brilliant red and oddly shaped. Other unusual plants are the scrambled eggs, a wispy stalk with a spray of small yellow blossoms; the Texas squaw-weed, also yellow; the purple paintbrush; the false purple thistle; the copper mallows; and the indigo pea, which, instead of being blue as its name suggests, is pinkish in color.

Several varieties of phlox, the Texas blue bonnet, the purple thistle, the blue Texas Star, Texas mountain laurel, the Texas Bluebell, the columbine, blue sage, Indian paint brush and Indian blanket, are all shown.—University News Service.

When Women Need Cardui

If you seem to have lost some of your strength you had for your favorite activities, or for your housework . . . and care less about your meals . . . and suffer severe discomfort at certain times, try Cardui!

Thousands and thousands of women say it has helped them. By increasing the appetite, improving digestion, Cardui helps you to get more nourishment. As strength returns, unnecessary functional aches, pains and nervousness just seem to go away.

The Fort Worth and Dallas shows are great. Let us furnish you the money. Use your car for security and repay in small monthly payments. JONES COUNTY MOTOR CO. Manning Bldg., Hamlin, Texas.

THAT bogey-man of the house-keeper—the unexpected guest who drops in on pot-luck day! No housewife need harbor such fears if she understands the psychology of serving meals—make the desert the high-spot of the meal and all will be forgiven. Old English Ambrosia is one of those last minute desserts, but oh! how good it tastes, flanked by a plate of crisp, tempting cookies!

Old English Ambrosia
1 cup orange sections, free from membrane; 3 slices canned pineapple, diced; ½ cup powdered sugar; 1½ cups moist, sweetened coconut.
Arrange layer of orange sections and pineapple in serving dish, sprinkle with sugar and coconut. Repeat until all ingredients are used, topping with coconut. Chill. Serves 6.

—The Herald 1 Year for \$1.00.

RELIEVE RHEUMATIC PAINS OR GET YOUR MONEY BACK SAYS LOCAL DRUGGIST

TO convince Hamlin rheumatic sufferers that their agonizing pains can be quickly relieved, the INZER Pharmacy now offers a sincere "Satisfaction or Money Back" guarantee. Sufferers from Rheumatic Pains take absolutely no risk! The medicine used is Williams' R.U.X. Compound—a famous formula used during the World War to relieve pains of Rheumatic sufferers overseas and prescribed to America by an ex-army doctor. Hundreds of thousands of pain-racked men and women have taken Williams' R.U.X. Compound, and they write grateful letters telling of their release from misery. Bedridden invalids testify they now walk with ease. Old folks have

thrown away their canes. You who now ache from muscular rheumatism, neuritis, gouty pains are invited to try this widely used and recommended medicine at absolutely no risk—and absolutely no cost if you are not perfectly satisfied with results. In fact, if you will come today, or tomorrow sure, to INZER Pharmacy, you can get a full treatment of Williams' R. U. X. Compound with the distinct understanding that, after taking it 10 days, if you don't feel 100 per cent better, you can bring back the empty bottle and carton and get your money back without any question. You can't lose.

BROWN'S LOTION
INZER PHARMACY.

Among the many new people coming to Hamlin the last few days, are the Pearcy Brothers of Abilene, who are opening a body shop in South Hamlin. They are J. A. and T. E. Pearcy. They will move their families here as soon as a house can be had.

Roy Edwin Tims, Thomas Carter, Redmon Switzer, and Charles Prater accompanied Coach Galloway to Dallas last Friday to spend a few days at the Centennial.

MRS. BOYD HOSTESS FOR BUFFET SUPPER

Mrs. W. L. Boyd was a charming hostess to the members of the Young Women's Auxiliary of the First Baptist Church, when she entertained at her home on Jackson Avenue, Monday evening, at seven o'clock with a buffet supper.

Foursome tables were arranged on the attractive lawn where guests assembled for a pleasant social hour and where the supper was eaten.

A color theme of pink and green was used in appointments and floral decorations throughout the house. Pink verbena and fern formed the centerpiece for the dining table which was lighted by green candles.

Members enjoying this pleasant hour were Misses Elva Greenway, Doris Steed, Estelline Richardson, Edna Money, Eugenia Barnes, Ruby Dean, Viva Miltstead, Jewel Dean, Ruby Thompson, Irene, Thompson, Bernice Fahey, Geneva Albritton, Katherine Adkins, Mary Boyd and Florence Boyd. Guests were Rev. and Mrs. J. Henry Littleton and Miss Majorie Pardue, of Louisiana.

FALL STYLE REVUE AT

THE ROSE SHOPPE

The approach of autumn was heralded at the Rose Shoppe, Monday evening, in a grand parade of the newest in Ready-to-Wear, when Mrs. Cleve Dunn presented her annual Fall Style Revue under the direction of Mrs. J. Frank Johnson.

Assisting Mrs. Johnson in receiving guests were Mrs. Metta Haines, Mrs. M. F. Wilson and Miss Janie Mae Johnson. Programs were offered by Miss Annie Laurie Johnson and Mrs. W. C. Russell and Mrs. Tate May served punch from a table decorated with pink flowers and fern and lighted with pink and green candles.

The announcer for the show was Attorney Gerald Pitts Morgan, who showed a perfect knowledge in fashion trend, emphasizing the chic and flattering in every style detail.

An outstanding entertainment feature was the music rendered by the Sosebee sisters, of Noodle. These four young ladies sang popular songs an old time favorites to guitar accompaniment, played by one of the quartet.

In the Fashion Promenade were displayed the latest and snappiest in junior frocks, a beautiful selection of suits and coats, the newest in street dresses, a gorgeous selection of costume suits, all displayed with correct accessories. Special emphasis was given to the popularity of black for this season, in both sport and dressy frocks, and then came the parade of evening gowns in their picturesque and formal styles, all passing before the eye like a beautiful picture. Then the scene closed with Sleepy Time Parade, a showing of beautiful robes and night gowns.

Models for the Revue were Misses Freida Chastain, Kenna Rector, Marcel Jones, Florine White, Mrs. C. C. Jones and Mrs. Sam Hardy. Junior models were Misses Maxine Brundage, Tommie Nell Holman, Inez Howard, and Virginia Sue Flowers.

Escorts were Messrs. Robert Johnson, Marvin York, Arlie Cassle and J. C. Turner.

During the evening a telegram was read from Mrs. Dunn, who is spending the summer in Ruidoso, where she owns and operates the Texas Cabins, extending greetings to her friends and stating that she will return to Hamlin about the middle of September.

LITTLE LIGHTS ON LIVING

By MARIA LEONARD
Dean of Women, University of Illinois
© Western Newspaper Union

RELAXING

CAN you relax? To relax means to slacken, and relaxation does just that to human beings, it slackens them. Some individuals grow more tense as the day grows, rushing hither and yon, tremendously busy with tremendous trifles. Seven days a week is this program enacted until haste becomes a habit.

Tension is a foe to modern living. Business folk often start the day tensely by trying to do two things at once—reading the morning paper while eating breakfast. The whole goal of American living seems to be to save time. We eat faster, we drive faster, we work faster, which means we really live faster, all to save time, and what do we do with it after it is saved?

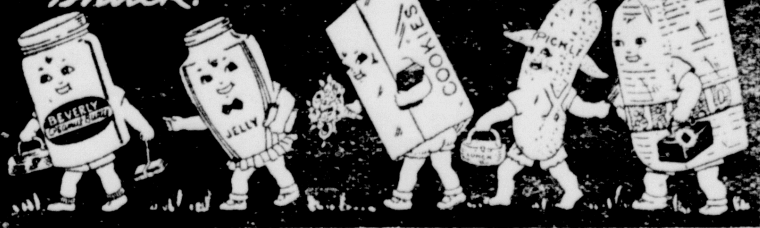

Much of the work of the world becomes an endurance test in seeing how long we can hold on, because of tenseness and rigidity that comes of gaining it, and the arch enemy of the human race appears on our horizon, horns, hoof and tail, in the shape of FATIGUE. Normal fatigue is nature's way of calling one's attention to the speed limit as a protective measure from driving too fast. She takes this way to assert her own rights. If this sign is unheeded she sends a danger signal which one cannot ignore, in the shape of OVER FATIGUE.

Over fatigue claims a tremendous toll from the human race in the form of health efficiency and joy, and leaves in their places strained nerves, poor or half-done work, worry and irritability.

Physicians tell us that ten minutes daily, complete relaxation, mind blank, body limp, on couch, with or without sleep, preferably after lunch, recreates body and soul with renewed energy and outlook on life for the other half of the day. It is an art, however, and how to do it successfully must be learned like learning to play a violin. Relaxation of this sort should be planned in a day's regular schedule like meals are planned, for it is of equal importance to mind and body. If ignored, accumulative fatigue comes sneaking up behind us and insidiously undermines us at our daily tasks. Unaware of its harmful influence we keep on, keep on until some day, we fail to appear at our accustomed place and the physician says sadly, "Too bad, too late, this is a nervous breakdown." Think this over in time, and daily for ten minutes rest, repose, renew, revivify and rejoice, through relaxation.
